

## MATERIAL SAFETY DATA SHEET

### ROSE HIP OIL

#### 1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

**Product Name:** ROSE HIP OIL

**Commercial Name:** Rosa Rubiginosa Fruit Oil

**CAS#:** 84603-93-0

**EINECS#:** 617-592-7

**Company's Name:** Hierbas Patagónicas SRL

**Address:** Sarmiento street 784, 1<sup>st</sup> floor A. Esquel, Chubut, Argentina

**Phone Number:** +54 2945 455455 / +54 9 2945 501789

**Fax:** +54 2945 455455

**E-mail:** [info@patagoniaesencial.com.ar](mailto:info@patagoniaesencial.com.ar)

**Website:** <http://www.patagoniaesencial.com.ar/>

#### 2. COMPOSITION AND INFORMATION ON INGREDIENTS

##### Composition:

INCI NAME	CAS#	% Weight
ROSA RUBIGINOSA OIL	84603-93-0	100

##### Main components:

INCI NAME	CAS#	EINECS#	%
Oleic acid	112-81-1	204-007-1	15
Linoleic acid	60-33-3	200-470-9	40
Linolenic acid	463-40-1	270-304-8	30

**Production process:** Cold pressed.

### 3. HAZARDS IDENTIFICATION

**General Information:** Not classed as an hazardous substance.

**Classification according to Regulation (EC) No 1272/2008:**

The product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 and further amendments, nor to those having recognised exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills constitute a slippage hazard.

**Classification according to Directive No 67/548/EEC/ Directive 1999/45/E:**

*Hazards Symbols:* None.

*Risk Phrases:* None.

*Environment:* None.

### 4. FIRST AID MEASURES

**Inhalation:** Get away from exposure and move to fresh air immediately.

**Skin Contact:** Remove contaminated clothing; wash thoroughly with mild soap and water for at least 15 minutes. Get medical attention if irritation develops.

**Eyes Contact:** Check for and remove any contact lenses. Rinse eyes with plenty of water for at least 15 minutes. Get medical aid if irritation occurs.

**Ingestion:** Rinse mouth with water several times then spit out. Do not induce vomiting. If larger quantities are swallowed, contact a doctor, hospital or poison information centre. For the ingestion of small amounts, drink lots of water.

### 5. FIRE FIGHTING MEASURES

**Suitable extinguishing media:** Carbon dioxide (CO<sub>2</sub>) dry powder, or foam.

**Unsuitable extinguishing media:** Do not use water jet directly on burning material.

**Advice to fire-fighters:**

- Containers close to the fire should be removed or cooled with water.
- Avoid breathing vapour or smoke emitted.
- Use breathing apparatus to protect from fumes.
- Avoid runoff of waters of fire into sewers.

## 6. ACCIDENTAL RELEASE MEASURES

**Personal care:** Avoid inhalation and skin and eyes exposure. The use of masks is recommended in case of large spill.

**Spills/Leaks:** Absorb spill with an inert material (sand or earth), then place in suitable container. Clean up the spill immediately, observing precautions in the Protective Equipment section. Provide ventilation.

**Environment Precautions:** Avoid runoff into storm sewers and ditches which lead to waterways.

## 7. HANDLING AND STORAGE

**Handling:** In accordance with the good practices of hygiene of the industries and with adequate ventilation and the use of individual protection (section 8). Don't drink, eat or smoke during handling.

**Storage:** Store in a tightly closed container. Store in a cool, dry, well-ventilated area away from incompatible substances. Keep a minimum contact with the air.

**Protection of fire:** Keep far from ignition areas and flames.

## 8. EXPOSURE CONTROLS, PERSONAL PROTECTION

**Respiratory Protection:** Wear possibly a respiratory mask in case of production of vapors, in particular if the product is warmed. Mask with filter anti-fog / gas type A1 or A2.

**Eyes Protection:** An eyes protection is necessary in case of splash risk, in this case wear appropriate protective eyeglasses or chemical safety goggles.

**Skin Protection:** No special measures required.

**Exposure Limits:** Without reference.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance (at 20°C)	: Viscous Liquid
Color	: Orange
Odor	: Neutral
pH	: Not available
Viscosity	: Not apply
Freezing Point	: Not available
Boiling Point	: <300 °C
Melting Point	: Not available
Flash Point	: >330 °C
Vapor Pressure (kPa)	: Not available
Density (20°C Kg/L)	: 0.920 – 0.950
Solubility in water	: No
Solubility in ethanol	: Yes
Solubility in oil	: Yes
Partition Coefficient	: Not available
Refraction Index (at 20°C)	: 1.470-1.485
Rotational Power (at 20°C)	: Not available

## 10. STABILITY AND REACTIVITY

**Reactivity:** Doesn't represent significant risks of reactivity, isolated or in contact with water. Avoid contact with strong acid, alkaline substances or oxidant agents.

**Chemical stability:** Stable with normal handling and storage conditions.

**Decomposition:** In case of thermic decomposition, may form carbon monoxide and organic compounds not available.

## 11. TOXICOLOGICAL INFORMATION

Based in available toxicological dates and in accordance with the Directive 92/32/CE, this compound is not classified.

**Cytotoxicity (in vitro):** Not available.

**Phototoxicity (in vitro):** Not available.

**Mutagenesis study (Ames test):** Not available.

**Sensitization (Human Patch Test):** Not available.

**Toxicity to animals:** DL50 (oral, rat): >5000 mg/kg.

## 12. ECOLOGICAL INFORMATION

**Aquatic toxicity:** Not considered eco-toxic.

**Persistence and degradability:** The subject is completely biodegradable.

**Bioaccumulative:** No further relevant information available.

**Mobility in soil:** No further relevant information available.

**Additional ecological information:** Avoid release into soil and water.

**Other adverse effects:** No further relevant information available.

## 13. DISPOSAL CONSIDERATIONS

**Waste Disposal:** Waste must be disposed of in accordance with state and local environmental control regulations.

**Cleaning:** Clean the soiled elements with steam water, with aeration of the place.

## 14. TRANSPORT INFORMATION

Not classified as dangerous product according with the IATA regulations for transportation of chemical products.

## 15. REGULATORY INFORMATION

**Hazards Symbols:** None.

**Risk Phrases:** None.

**Safety Phrases:** None.

## 16. ADDITIONAL INFORMATION

Information above is believed to be accurate and represents the best information to us currently available, until the present date.

*MSDS Creation Date: 30/06/2016*

*Last Revision Date: 28/06/2017*

*Version Number:2*
